EXPERIENCE

Web Application building - Front-end

O'CLOCK - MARCH 2020

- Made an interactive community-based map of stars in 4 weeks.
- Lead Dev Front of a 4 members team
- Dealing with integration, API calls (axios) and user interaction (React/Redux)
- With the help of teamwork tools (Github : Pull Requests / Trello / Slack).

Gestionnaire Santé - Frais médicaux

PRO BTP, NORTH MANAGEMENT CENTRE (WASQUEHAL) | SEPTEMBER 2018 - JUNE 2019

- Management of our subscribers' medical fees (bills, quotes, health professionals costs)
- Management of the client relationship with the top service's requirements.
- Group cohesion and mutual help in a human-sized team (20 people)

EDUCATION

Web/Mobile Development

OCLOCK - REMOTE | OCTOBER 2019 - APRIL 2020

- Intensive 5 months learning in web development
- HTML, CSS, PHP, Javascript and React courses. Usage of libraries (jQuery, Bulma, Boostrap) and dependecies via Composer (AltoRouter, vardumper) + database creation and management.
- Daily exercises (blogs, todolists, or quiz creation...)
- I have been trained with technical skills that allow me to create a readable, easily maintanable code with comments, a good naming of variables and web architecture.
- Technological watch : we tend to get inform everyday on new technologies.
